23 March 2010

Dear Don

An Camas Mòr, Aviemore
09/155/CP
Additional Information Second Submission

This Additional Information Second Submission provides information additional to that already submitted in the documents supporting the application for Outline Planning Permission and forms a new document which is part of the application.

This Additional Information is required to address one issue related to the Ecology Chapter of the original Environmental Statement. In Volume 2, Appendix B, Appendix 4I, Table 4.I.1, a printing error has resulted in the columns of this table being under the wrong headings. This has now been corrected and this version of Table 4.I.1 should be used rather than the version that was originally included in Volume 2.

I attach as agreed at the meeting of 15-03-10 a pdf file of the Additional Information Second Submission.

Could you make arrangements for the necessary publicity?

The Additional Information has been placed on the An Camas Mòr web site.

Yours sincerely

Howard Brindley
